

# *The Signs of Spring*

*By Ellie Mc Ginty  
P7*

When we were on our nature walk today we kept an eye out for the different signs of Spring. We saw a lot of birds and heard them singing. We also saw a lot of flowers and trees budding.

On our daily walk to the chapel Daddy, Mummy, Mya, Searla and I all stopped to see the newborn lambs. They were sporting and jumping and playing around the field. I really enjoyed the walk as the weather was great and I loved the birds singing. I took some photos and videos along the way.
